“ So sorry for your loss. Connie sure could bake. She always gave me backed goids when I came into Duck's for food.

“ I don't know of anyone who was kinder or more generous. And she certainly was a wonderful cook and baker. Her cheesecakes were the best and she probably could have made a small fortune selling them. But in true Connie fashion, she gave them away because she knew they would be enjoyed. She was nice enough to share some of her recipes with me and I will always cherish them. No more suffering, my friend. Rest in peace. Love you always. Donna Pfeifer

“ Dear Whit and Bob
My prayer are with you both.
Connie will always be remembered for her beautiful smile and a heart that matched it. A woman of strength, who was never afraid to speak her mind and add an explanation mark to it. I love that about her and will always both treasure and remember her, and our times together raising our beer's and toasting life. The evening heavens shine a little brighter now with one more star.

“ Connie was one of a kind! We loved her spunk, and loved that she always told you how she felt, honest and right to the point. She either really liked you, or she didn't, and she really liked us, but would still do anything for anyone anyway. I will never forget what she did for my Mom while she was sick with cancer from 1999-2002. And the phone call she and Bob made to me and my family upon hearing of my Mother's passing. And Norm will always remember the many Pecan Pies she made especially just for him! ...Love You Connie!
